

Dear Parent / Carer,

We hope everyone had a wonderful Easter holiday. We were pleased to welcome everyone back on and are hoping to see some warmer weather!

In the last newsletter we were anticipating an inspection – which hasn't happened. We now hope that we will receive an inspection in the first half of this term. As you know the Local Authority and the HMI inspection in November highlighted the good progress that children have made since coming to the school. The Local Authority agrees with our view that we are a good school and we sincerely hope that a full inspection confirms this. We would like all parents to help tell OFSTED how well we are doing! When the inspectors visit they use "Parent View" to find out what you think about our school. We would like them to know about all the good things we are doing. Please visit Parent View and make your views known. By sharing your opinion on 12 aspects of school you'll be able to say how we have improved and help us improve further. You will also be able to see what other parents have said about the school. (<http://parentview.ofsted.gov.uk/>)

Staff update: At the end of term we said goodbye to Miss May who has moved to Dorset. We are pleased to welcome Mr Cooper who has taken over class 6M. Mrs Robinson is taking on the role of acting-SENCO role for the summer term while we recruit a new SENCO for September. Most of you will know that Mrs Robinson fractured her shoulder on the first day of the Year 4 trip and I am glad to tell you that she is recovering well and despite her injury will be back to work on Monday.

Year 5 News

Mrs Turner

With the beginning of the summer term we have realised how fast the year is moving along. The Spring term was a great success, with huge enthusiasm shown for all of our learning themes, especially our Roman studies. Thank you to all who came along to our exhibition. Now we hope to complete the year with similar success, especially as we hope to work outside more. We have already begun a study of our city – Norwich and our final science project, later in the term will be – Sight and Sound. We have received an invitation to a French Market at Hellesdon High School on May 2nd. It will be great to work with Year 10 pupils and practise our new language skills.

During the spring term we entered two children into a 'Sumobots' competition at the High School, competing against other local schools. Zoe and Stanley came first, constructing a fantastic robot.

It will not be too long before we go to Holt Hall for our residential trip. Having been on previous trips to this centre I know the children will have a great time. I have visited the Hall to finalise arrangements and will be sending out an information letter soon, so that the children can start organising their own packing!

In the hope that we will get some hot weather a reminder that, children should bring in sunhats, have a water bottle and apply sun screen before coming to school on sunny days, especially Thursday when we have Games.

Finally, the boys in Year 5 were able to match their skills in football against other schools this year. Well done to the whole squad, in particular the team who represented Year 5 at the UEA. They were the only group to reach the semi-final stage unbeaten. Unfortunately they were knocked out at their stage on penalties. Hopefully they will go on to represent Year 6 next year, where the girls get a chance to show their skills too!

	Tues 16 th , Wed 17 th	School sports mornings
	Fri 19 th	Prom on the pitch
	Wed 24 th	Last day of term

Year 3 multi-skills – 5 week summer term programme

We have organised a 5 week programme of PE multi-skills with CSF coaches for the beginning of the summer term, in Year 3. Community Sports Foundation professional coach, Danielle is working alongside the classteachers to run the programme with the Year 3 classes,. The first session was held on the very first day of term and was very successful.

Premises update

Playground: As you may have heard from the children, we are delighted that FOF have agreed to support our new play-equipment project. FOF had a meeting last term with Fenland Leisure and the plans that were agreed will be on display for you to see, very soon. We anticipate that work will start in early May so that all the children, including Year 6, will be able to enjoy using it this term. We are planning a number of fund-raising events this term to help raise the necessary funds. FOF are even trying to arrange a trip for some of the school council to see the equipment being made in the workshops near Wisbech!

Hall redecoration: Over the holiday, the decorators have completed the much needed Hall redecoration. They have done a fantastic job and we are grateful for their hard work in completing it in time for the beginning of term.

ROCK SOLID

When? 6.30-8pm Thursdays.
Who? 10–14 years old.
Where? St Paul's Church (Hawthorne Avenue)
What? Games, fun youth workers, socialising, food and an awesome time!!

Starts 2nd May! Don't miss it!
